

Dance Floor Size Guide

Sizing Your Dance Floor

Deciding the perfect size for your dance floor can be hard. That's why our handy sizing chart is easy! First, identify your guest count and assume HALF of the guests will be dancing on the floor at any given time. Then, find your **Number of Dancers** (or closest to it) on the chart to identify the length and width of your floor.

Please note that not all dance floors are built alike, depending on your style selection it may be necessary to edit the size. Your sales representative will be happy to help with any and all questions you may have!

Width of Dance Floor

	3'	6'	9'	12'	15'	18'	21'	24'	27'	30'	33'	36'	36'	42'
